When battery life matters

Only quality

Lithium Ferrous Phosphate Batteries used

Standard Specification

Output power:	4W
Mains:	180 - 264V
Colour temperature:	Cool white, 5000K
Battery type:	Lithium Ferrous Phosphate
Operating temperature:	-4.4°C to 70°C
Initial battery life:	120 mins
No of charging cycles:	up to 10,000
Approved standards:	SAA, C-Tick AS2293.3

Fitting Material:

Zinc coated steel
polycarbonate

IP rating:

IP20

Luminaire warranty (L70):

5 yrs including driver

Battery warranty:

3 years (90min life)
